

# DIOCESE OF GRAND RAPIDS

July 7, 2011

## **Update from Bishop Walter A. Hurley:**

Thank you for your prayers, care and concern during my recent surgery. It was more extensive than originally planned but a blessing. Recovery seems to be going well. I returned to Grand Rapids on Sunday afternoon and am staying at the Dominican Sisters' Health Care Center. I am in no rush to get home. I am extremely grateful to the Dominican Sisters for their kindness to me. They have been most welcoming and are providing excellent care. I could not be in a better place.
