

## DIOCESE OF GRAND RAPIDS

Regarding health care reform legislation:

“While the passage of the health care reform legislation by Congress is a commendable first step toward expanding health care to the poor and uninsured, it is regrettable and disappointing that greater safeguards that protect human life and enhanced conscience protection are not included in this new health care legislation. We will continue to promote a culture of life that protects the life and dignity of all persons from conception to natural death.”

Most Reverend Walter A. Hurley  
Bishop of Grand Rapids
