Office of Communications

Statement of Most Reverend Walter A. Hurley on the
merger exploration of Muskegon hospitals:

“It was most encouraging to hear of the exploration of a merger between Mercy General Health Partners and Hackley Hospital. This collaborative endeavor will enhance the provision of quality healthcare which has been the hallmark of both hospitals. For over a century the healing ministries of these two institutions have touched many lives in the lakeshore communities. This opportunity to work together will afford the continuation of comprehensive and optimal healthcare for generations to come.”

Most Reverend Walter A. Hurley
Bishop of Grand Rapids
September 20, 2007
